Ramp / Door Combination

Heavy loads or difficult horses – this exit system is particularly well suited for all situations.

All Cheval Liberté horse trailers are equipped as standard with this functional ramp/door combination.

Thanks to the large, comfortable ramp, loading and unloading is smooth and stress-free for the horse.

PULLMAN 2

performance

The PULLMAN 2 suspension

The PULLMAN 2 suspension, developed by the Research and Development department at Cheval Liberté / Debon, delivers an unparalleled towing experience.

It minimizes the typical constraints associated with trailer transport, allowing you to tow your trailer safely and comfortably.

Pullman: Performance and comfort.
